

Ali Mohammadpour, PhD

Associate Professor, Gonabad University of Medical Sciences

Email: Dr.Mohammadpour@gmu.ac.ir

Gonabad, Iran

Education

- Ph.D. in Nursing, Tehran University of Medical Sciences — 1388
- M.Sc. in Nursing, Tarbiat Modares University, Tehran — 1372
- B.Sc. in Nursing, Mashhad University of Medical Sciences — 1369

Educational and Research Background

- Teaching theoretical, practical, and internship courses in various internal and surgical nursing subjects, at the Master's level.
- Teaching theoretical, practical, and internship courses in various subjects and critical care nursing, at the Master's level.
- Teaching specialized language courses at the Associate and Master's levels in the fields of Emergency Medical Services, Nursing, Nursing Education, and Critical Care Nursing.
- Teaching theoretical and practical courses (research methodology) in various medical sciences disciplines at the Bachelor's, Master's, and PhD levels.
- Teaching theoretical and practical (internship) courses in various internal and surgical nursing subjects for undergraduate nursing students.
- Teaching theoretical and practical courses in other undergraduate nursing subjects, including psychiatric nursing, principles of patient education and teaching methods, therapeutic nutrition, and nursing service management (internship).

Associate Professor, Gonabad University of Medical Sciences

ir.ac.gmu@Mohammadpour.Dr

- Teaching theoretical and practical courses in principles and techniques, pathophysiology, and internal and surgical diseases 1 and 2 for midwifery undergraduate students, as well as clinical training for students in anesthesia, operating room, and emergency medical fields.
- Membership in provincial committees for final exam question development in the nursing discipline continuously since 1993, as a university representative.
- Collaboration and teaching in university-organized training courses for employed nursing staff in healthcare centers, Red Crescent relief workers, and workshops on basic research

methods for students, seminary students, educators, and various community groups through the Population Research Center; teaching quantitative and qualitative research workshops for students at undergraduate, Master's, and PhD levels at Gonabad University of Medical Sciences and Tehran University of Medical Sciences.

- Conducting university-approved research projects, supervising and consulting student theses at various levels, and authoring and translating academic books and resources into English.
-

Research Projects Conducted (Approved by the Research Council)

N	Title	Year
1	Investigating the effect of hypothermia on preventing alopecia in cancer patients undergoing chemotherapy	-
2	Investigating the causes of unintended pregnancies in Gonabad County	-
3	Studying the prevalence of risk factors for coronary artery diseases in patients visiting healthcare centers in Gonabad County	-
4	Assessing the knowledge and attitudes of Gonabad University of Medical Sciences students regarding the compliance of medical practices with the principles of Islamic law	-
5	Epidemiology of tuberculosis in Gonabad County	1993–2001
6	Investigating the prevalence of depression among Gonabad University of Medical Sciences students	-
7	Studying students' tendencies to read university publications among Gonabad University of Medical Sciences students	-
8	Assessing learners' educational needs from their own perspective	-
9	The effect of environmental temperature on the stability of tympanic temperature	2011
10	Investigating patient satisfaction at emergency medical centers in Gonabad County	-
11	Studying the retention time and causes of IUD expulsion in women visiting healthcare centers in Gonabad County	-
12	Investigating the demand for services provided by physicians across different provinces (national project)	-
13	Assessing the educational needs of hospitalized patients in Gonabad County at the time of discharge	-

14	Epidemiology of tuberculosis in Gonabad County	-
15	Assessing the knowledge and attitudes of nurses working in healthcare centers in Gonabad County regarding proper use of penicillin	-
16	Evaluating the employment status and opinions of nursing graduates from Gonabad University of Medical Sciences regarding the alignment of educational programs with their professional needs	-
17	Effectiveness of clerics in correcting superstitious beliefs related to health	-
18	Effectiveness, optimization, and revival of local foods in populations under the coverage of the Gonabad Population Research Center	-
19	Developing a health-related culture in populations under the coverage of the Gonabad Population Research Center	-
20	Living with AIDS/HIV: Experiences of patients and development of self-care strategies	-
21	Barriers to pain management in educational hospitals in Gonabad County: A comparison of physicians' and nurses' perspectives	2011
22	Nutrition and cognitive perception of diabetic patients	Ms. Ahrari
23	Prevalence of nocturnal enuresis and associated factors in primary school children in Gonabad	2010
24	Effect of an educational-supportive program based on the Orem model on self-care in patients with myocardial infarction	-
25	Effect of foot reflexology massage on physiological indices in patients with stroke	-
26	Effect of body position change on physiological indices and ECG in patients hospitalized with acute myocardial infarction in the CCU	-
27	Barriers and facilitators of ethics in research from the perspective of students and faculty members of Gonabad University of Medical Sciences in 2017	1396
28	Knowledge, attitude and practice of Gonabad people towards medicinal plants in 1396	1396
29	The association between environmental stress related to different seasons (temperature, pressure and wind intensity) and mortality and hospitalization rate among cardiovascular patients referred to Bohlool hospital during 2016-2021- A case study of Gonabad city	1400

30	he association between environmental (ambient temperature, season's variation) and demographic (age, Gender,) on the hospitalization and mortality of Covid-19 patients during 2020-2021- A case study of Gonabad and Tehran city	1400
31	Nurses' experiences of nursing patients with COVID-19	1401
32	A review of environmental and social determining in Covid 19 period - Narrative review	1401
33	Psychometric Properties of the Persian Version of Nurse Moral Disengagement Scale	1402
34	The effect of local magnetic therapy on clinical symptoms of peripheral neuropathy in patients with diabetes type 2	1401
35	The relationship between moral distress and the quality of clinical care of nurses working in Allameh Bahloul Hospital, Gonabad	1402
36	Socio-environmental inequality in Covid-19 mortality and hospitalization -A narrative review	1401
37	The effect of Topical heat therapy on Severity of Diabetic Neuropathy and quality of life in type 2 diabetic patients	1403
38	Comparing the effect of local heat therapy and progressive muscle relaxation technique on neuropathic pain, fatigue and quality of life in diabetic patients with diabetic neuropathy a clinical trial	1403
39	Study of social determining and human health exposures in the arid and semi-arid communities in Iran - a Narrative review study	1400
40	The effect of local heat therapy on respiratory indices, drainage and chest tube pain	1403

Guidance and Supervision of Theses: Bachelor's, Master's, and PhD

Articles Presented at Domestic and International Scientific Congresses, Seminars, and Conferences

1. Hair Loss in Cancer Patients Undergoing Chemotherapy and Investigating Scalp Cooling in Its Prevention - "First International Congress of Cancer Research - Urmia University of Medical Sciences - Urmia - 2001 (1380)"
2. Investigating Factors Affecting Unintended Pregnancies in Gonabad County - "National Seminar on Factors Affecting Unintended Pregnancies - Ahvaz University of Medical Sciences - Ahvaz, 1997 (1376)"
3. The Necessity of Returning to Islamic Medicine - "National Seminar on Aligning Medical Affairs with the Holy Sharia of Islam - Birjand University of Medical Sciences - 1997 (1376)"
4. Unintended Pregnancy - "First National Research Seminar in the Country's Health and Treatment Networks - Mashhad University of Medical Sciences, 1997 (1376)"
5. Epidemiology of Tuberculosis in Gonabad County During 1993-1997 (1372-76) - "Fourth National Tuberculosis Congress - Kashan University of Medical Sciences, 1998 (1377)"
6. Resuscitation Methods and Differences in Pediatrics Compared to Adults. - "Nursing and Midwifery Care in Emergencies - Mashhad University of Medical Sciences, 1996 (1375)."
7. Cardiac Arrest Resuscitation Methods - "National Seminar on Nursing and Midwifery Care in Emergencies - Mashhad University of Medical Sciences - 1996 (1375)."
8. Investigating Methods for Preventing Chemotherapy Complications and Its Effect on the Self-Image of Cancer Patients (Selected Congress Paper) - "First National Seminar on Prevention, Treatment, and Rehabilitation Methods in Common Female Cancers - Arak University of Medical Sciences - 2000 (1379)"

9. Epidemiology of Tuberculosis During 1993-2000 (1372-79) in Gonabad County. - "First National Seminar on Public Health and Preventive Medicine - Kermanshah University of Medical Sciences - 2000 (1379)"
10. Hypothermia and Its Effect on Preventing Alopecia. - "First International Iran Cancer Congress - Mashhad University of Medical Sciences, 2001 (1380)."
11. Unintended Pregnancies and Determining the Educational Needs of Women in Gonabad County for Its Prevention - "National Seminar on Family Health - Lorestan University of Medical Sciences - Khorramabad. 2001 (1380)"
12. Depression and Its Prevalence Among Medical Sciences Students in Gonabad - "Second National Seminar on Health and Preventive Medicine - Kermanshah University of Medical Sciences, 2001 (1380)"
13. Investigating the Extent of Hypothermia's Effect in Preventing Chemotherapy-Induced Alopecia in Cancer Patients - "Twelfth Iranian International Congress of Physiology and Pharmacology - Iran University of Medical Sciences, 1995 (1374),"
14. Educational Needs of Patients with Coronary Artery Disease Referring to Health Centers in Gonabad County - "National Seminar on Education and Care for Patients with Chronic Diseases - Mashhad University of Medical Sciences. 2001 (1380)"
15. Effects of Unintended Pregnancies on Family and Community Health - "Fifth National Seminar on Women's Health, Shiraz University of Medical Sciences - 2002 (1381)"
16. Complications Resulting from the BCG Vaccine - "National Tuberculosis Congress - Zahedan University of Medical Sciences, 2002 (1381)."
17. Investigating the Opinions of Medical Sciences Students in Gonabad Regarding Their Educational Needs and How to Improve Theoretical-Practical Training Programs - "Fifth International Congress on Medical Education - Shiraz University of Medical Sciences. 2002 (1381)"
18. Investigating the Prevalence of Risk Factors for Coronary Artery Disease in Patients Referring to Health Centers in Gonabad - "First Congress on Prevention of Non-Communicable Diseases, Iran University of Medical Sciences, 2002 (1381),"
19. Epidemiology of Tuberculosis Between 1993-2000 (1372-80) in Gonabad County, - "Seventeenth National Tuberculosis Congress, Isfahan University of Medical Sciences. 2003 (1382)"
20. Investigating the Prevalence of Risk Factors and How to Prevent Coronary Artery Diseases - "National Seminar on Community Nurse Health, Abadan School of Nursing and Midwifery, Esfand 1382 (Feb/Mar 2004)."
21. Investigating the Toxic Effects of Cytotoxic Drugs on Hair Follicles and the Role of Scalp Hypothermia in Preventing Alopecia in Patients. - "First National Congress on Hair, Diseases, and New Treatments, Iran University of Medical Sciences, Mehr 1382 (Sep/Oct 2003)"
22. Investigating the Suitability and Adequacy of Clinical and Theoretical Courses for Allied Health Groups from the Perspective of Graduates in These Fields - "First International Congress on Reforms and Sixth National Congress on Medical Education, Shahid Beheshti University, Azar 1382 (Nov/Dec 2003)."

23. Approaches to Community Participation and Empowerment in the Gonabad Population Research Base - "9-8/1382, Tehran – Deputy of Research and Technology, Ministry of Health, Treatment, and Medical Education."
24. The Process of Determining and Prioritizing Health-Related Problems Identified by the People Themselves with the Facilitating Role of the University in Gonabad City - "30/2/1383, Kerman University of Medical Sciences."
25. Investigating CAD and Its Association with Menopause and Oral Contraceptive Use in Women Referring to Health Centers in Gonabad County - "National Seminar on Promoting Women's Health, Mashhad University of Medical Sciences – 26-28/3/1383 (June 2004)."
26. Investigating the Extent of Alignment Between Theoretical and Practical Training Programs of Medical Groups (Nursing, Midwifery, and Health) and the Learners' Needs from Their Own Perspective, "Fifth National Seminar of Hamedan School of Nursing and Midwifery – 14-13 Esfand 1381 (Mar 2003)."
27. The Role and Position of the Gonabad Population Research Base in Food Safety - "National Congress on Food Health and Safety, Yazd University of Medical Sciences, 1st of Dey (Dec 22, 2004)."
28. The survey of IUD average standing period and its removing causes in women referring to Gonabad health and treatment centers. 3 RD YOUNG MEDICS' INTERNATIONAL CONFERENCE. 19-21 September 2005, Yerevan, Armenia
28. Selected Paper of the International Conference of Young Doctors in Armenia.
29. The effectiveness of scalp hypothermia in prevention of chemotherapy - induced alopecia in patient with cancer 3 RD YOUNG MEDICS' INTERNATIONAL CONFERENCE. 19-21 September 2005, Yerevan, Armenia

30. Mohammadpour A., parsayekta Z., Ali R. Nikbakht Nasrabadi, Minoo Mohraz, (2010) Lived experience of HIV-infected patients of interaction with others: a phenomenological study. The first international conference on qualitative research in nursing and health. 1-3 Dec. (Thailand)
